

# Cheltenham Primary School is going mobile!

Konnective is a mobile app solution that will allow us to communicate with you, our parents, straight to your smartphone. We will be sending news, events, photos and more so that you can be even more connected with your children's activities and events at the school. Using the Konnective app, you can add events directly to your phone's calendar, set reminders for things you need to do and receive important alerts (similar to a text message) as soon as they are released.

Via the app, we can send communication to specific grade levels, so you will receive information specific to your child's grade as well as general news, events and updates that will go to everyone. This will extend and enhance our existing communications (eg. Newsletter, website).

We will be providing your email address to Konnective so you can receive an invitation to download the app and register for Konnective. For those without a smartphone there is a web mobile version as well as a website version

To be invited to join Konnective, please provide your email address and name to the school.
