

# Why Choose CPS?

## 1 STEAM Curriculum Focus

- Science
- Technology
- Engineering
- Art
- Mathematics

## 2 A range of Specialist Programs

Including Science, Kitchen, Visual Arts, Performing Arts, Physical Education, German and Library.

## 3 Child Centred Approach

We differentiate the curriculum to suit your child's strengths and needs.

## 4 Coding & Digital Technologies

Moving from iPads to Robotics.

## 5 MSL-Multisensory Structured Language

MSL is an evidence-based, brain-based approach to teaching reading, spelling and writing. Teaching is explicit and sequential, incorporating hand actions, visual and verbal cues. This enhances students' understanding and supports long-term retention.

## 6 Wellbeing Programs

We focus on the Zones of Regulation, mindfulness, developing a growth mindset and social skills.

## 7 Year 6 Buddies

## 8 Family involvement & Special Events throughout the year

- Parent helpers
- Welcome Picnics
- Trivia Night
- Barefoot Bowls
- Disco
- Excursions
- Swimming
- 100 Days of School

## 9 Smooth Transition Process

Find the transition dates on the other side of the pamphlet.

## 10 Optional Wednesdays

Instead of students having the first month of Wednesdays off, this is an optional day where school is open and students can have a rest day if needed.
