

WORKING BEE – PARENT INVOLVEMENT PROGRAM 2018

Our community Working Bees at Cheltenham Primary School help to ensure our school grounds are a safe and well maintained environment for all children to enjoy.

We have a proud history of community whole school commitment and attendance at Working Bees. This ensures that the workload is shared equitably. Working Bees are usually held on either a Saturday or Sunday, between 9:00 am until 12:00 noon.

This year in recognition of family weekend commitments we will be moving from two (2) Working Bees per term to just one (1) per term. It is our hope that this will help facilitate higher numbers attending. We are asking for all our families to attend, just one (1) Working Bee in the year.

The Working Bee team within the School Infrastructure sub-committee of School Council, co-ordinates each Working Bee and allocates the schedule of works as per the numbers in attendance.

We ask that all families please complete the form below and return to the school office by **Friday 23 February**. We understand that some families prefer to pay a levy of \$50 in lieu of attending. This money is used to employ qualified tradespersons.

Working Bees are a wonderful opportunity to socialise with other school families while helping to make Cheltenham Primary School, a school of which we can all be proud.
